Wall System Packages Overview

Sample modular wall system concepts for straight branded backdrops, monitor-ready displays, inline booth packages, and integrated LED feature walls.

Straight Wall Package

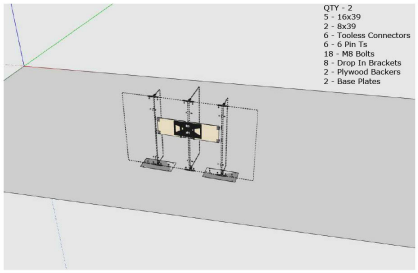

A clean modular backdrop for branded walls, inline presentations, and fast show-floor setups.

Simple branded backdrops, inline booth walls, step-up graphics, and reusable exhibit structures.

Pricing: Contact for pricing.

Monitor Wall Package

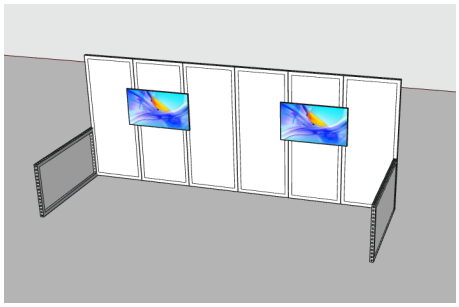

A modular wall structure with monitor support for digital demos, looping media, and sales presentations.

Product demos, digital messaging, brand videos, registration areas, and presentation zones.

Pricing: Contact for pricing.

Dual Monitor Engagement Package

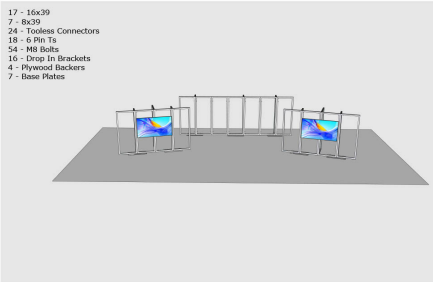

A wider modular wall with two monitor positions for content-heavy booths and active engagement zones.

Product storytelling, multi-message displays, sales demos, and booths that need more digital content.

Pricing: Contact for pricing.

Wall System Packages Overview

Inline Booth Package

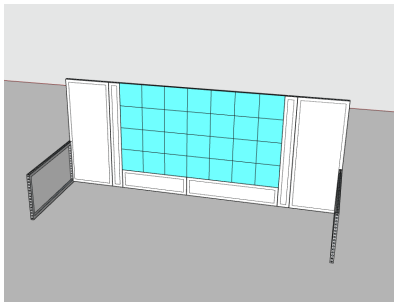

A fuller inline exhibit package with a central backdrop and side media elements for a balanced booth presentation.

10x20-style inline booths, product demo zones, brand presentations, and reusable show programs.

Pricing: Contact for pricing.

Integrated LED Feature Wall

A premium presentation wall with a central LED feature, side graphics, and a clean modular structure.

High-traffic exhibits, brand launches, keynote-style booth features, and premium presentation walls.
